Welcome to the Washington University in St. Louis SHS Student Portal (Secure Messaging, Online Scheduling and Online Health History Forms). This system allows students the ability to communicate with SHS providers, schedule and cancel select appointments online, and to submit health history information electronically.

**Secure Messages:**  
SHS has a Secure Messaging tool. This tool utilizes your email address listed in WebSTAC. Please verify your email address in WebSTAC to ensure you receive the notification from SHS.

To initiate, read or respond to a Secure Message, click the **"Messages"** link on the left.

**Health History Information:**  
To submit a Health History Form, Immunizations Form, or Meningitis information, click the **"Forms"** link on the left.

**Appointment Information:**  
The SHS Student Portal also allows students the ability to make and cancel select appointments online 24 hours a day. Please plan on arriving at least 10 minutes prior to your scheduled appointment time.

Online scheduling is **not** meant to be used if you are currently ill and feel that you need to be seen urgently. If you are currently ill and feel that you need to be seen urgently, please call **935-6666** and ask to speak with a nurse who can assess your condition and decide how to best serve your needs.

To schedule an appointment online, click the **"Appointments"** link on the left. If you would prefer to not schedule an appointment online, please call **935-6666** to schedule an appointment.

3. Items not yet submitted will display as a link with a status of 'Not Yet Complete' and completed items will display a check-mark and a completed date:
