Eligibility

All enrolled degree-seeking undergraduate students in the day program and full-time graduate students on the Danforth Campus are automatically enrolled in this insurance Plan at registration unless proof of comparable coverage is furnished. All eligible international students on the Danforth Campus are required to purchase this insurance Plan.

Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate Eligibility or student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student’s legal spouse or Domestic Partner and dependent children under 26 years of age. See the Definitions section of the Certificate for the specific requirements needed to meet Domestic Partner eligibility.

Dependent Eligibility expires concurrently with that of the Insured student.

Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., August 1, 2014. The individual student’s coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates at 11:59 p.m., July 31, 2015. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

Refunds of premiums are allowed only upon entry into the armed forces.

The Policy is a Non-Renewable One Year Term Policy.

Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Totally Disabled on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.
Student Health Center (SHC) Referral Required

OUTPATIENT SERVICES ONLY

The student and Spouse/Domestic Partner must use the services the Health Center first where outpatient treatment will be administered or referral issued. Expenses incurred for medical treatment rendered outside of the Student Health Center for which no prior approval or referral is obtained are excluded from coverage. A referral issued by the SHC must accompany the claim when submitted. Only one referral is required for each Injury or Sickness per Policy Year.

A SHC referral for outside care is not necessary only under any of the following conditions:

1. Medical Emergency. The student and Spouse/Domestic Partner must return to SHC for necessary follow-up care.
2. When the Student Health Center is closed.
3. When service is rendered at another facility during break or vacation periods.
4. Medical care received when the student is more than 50 miles from campus.
5. Medical care obtained when a student is no longer able to use the SHC due to a change in student status.
6. Maternity, obstetrical and gynecological care.

Dependent children are not eligible to use the SHC and therefore are exempt from the above limitations and requirements.

Preferred Provider Information

“Preferred Providers” are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus

The availability of specific providers is subject to change without notice. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling the Company at 1-866-346-4826 and/or by asking the provider when making an appointment for services.

“Preferred Allowance” means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

“Out-of-Network” providers have not agreed to any prearranged fee schedules. Insureds may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured’s responsibility.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

Inpatient Expenses

PREFERRED PROVIDERS - Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. Preferred Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities. Call 1-866-346-4826 for information about Preferred Hospitals.

OUT-OF-NETWORK PROVIDERS - If Inpatient care is not provided at a Preferred Provider, eligible Inpatient expenses will be paid according to the benefit limits in the Schedule of Benefits.

Outpatient Hospital Expenses

Preferred Providers may discount bills for outpatient Hospital expenses. Benefits are paid according to the Schedule of Benefits. Insureds are responsible for any amounts that exceed the benefits shown in the Schedule, up to the Preferred Allowance.
Professional & Other Expenses
Benefits for Covered Medical Expenses provided by UnitedHealthcare Choice Plus will be paid at the Coinsurance percentages specified in the Schedule of Benefits or up to any limits specified in the Schedule of Benefits. All other providers will be paid according to the benefit limits in the Schedule of Benefits.

The Preferred Provider for this plan is UnitedHealthcare Choice Plus.

If care is received from a Preferred Provider any Covered Medical Expenses will be paid at the Preferred Provider level of benefits. If the Covered Medical Expense is incurred for Emergency Services when due to a Medical Emergency, benefits will be paid at the Preferred Provider level of benefits. In all other situations, reduced or lower benefits will be provided when an Out-of-Network provider is used.

The Policy provides benefits for the Covered Medical Expenses incurred by an Insured Person for loss due to a covered Injury or Sickness.

Out-of-Pocket Maximum: After the Out-of-Pocket Maximum has been satisfied, Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year subject to any benefit maximums or limits that may apply. Separate Out-of-Pocket Maximums apply to Preferred Provider and Out-of-Network benefits. Any applicable Copays or Deductibles will be applied to the Out-of-Pocket Maximum. Services that are not Covered Medical Expenses and the amount benefits are reduced for failing to comply with policy provisions or requirements do not count toward meeting the Out-of-Pocket Maximum. Even when the Out-of-Pocket Maximum has been satisfied, the Insured Person will still be responsible for Out-of-Network per service Deductibles.

Student Health Services: The Deductible will be waived and benefits will be paid at the Preferred Provider level of benefits with applicable Copays for Covered Medical Expenses incurred when treatment is rendered at the Habif Health and Wellness Center. Ancillary services provided at the Student Health Center include Durable Medical Equipment, Supplies, Laboratory Tests and Minor Procedures.

Medical Expenses incurred out of the United States will be reimbursed at the Preferred Provider level of benefits.

Benefits are calculated on a Policy Year basis unless otherwise specifically stated. When benefit limits apply, benefits will be paid up to the maximum benefit for each service as scheduled below. All benefit maximums are combined Preferred Provider and Out-of-Network unless otherwise specifically stated. Please refer to the Medical Expense Benefits – Injury and Sickness section for a description of the Covered Medical Expenses for which benefits are available. Covered Medical Expenses include:

**UnitedHealthcare Pharmacy Benefits**

Benefits are available for outpatient Prescription Drugs on our Prescription Drug List (PDL) when dispensed by a UnitedHealthcare Pharmacy. Benefits are subject to supply limits and Copayments that vary depending on which tier of the PDL the outpatient drug is listed. There are certain Prescription Drugs that require your Physician to notify us to verify their use is covered within your benefit.

You are responsible for paying the applicable Copayments. Your Copayment is determined by the tier to which the Prescription Drug Product is assigned on the PDL. Tier status may change periodically and without prior notice to you. If you are actively taking a Prescription Drug Product, we will notify you electronically, or in writing, upon your request, at least thirty days prior to any deletions, other than generic substitutions. Please access www.uhcsr.com or call 1-855-828-7716 or the customer service number on your ID card for the most up-to-date tier status.

- **$15 Copay per prescription order or refill for a Tier 1 Prescription Drug up to a 31 day supply.**
- **$40 Copay per prescription order or refill for a Tier 2 Prescription Drug up to a 31 day supply.**
- **$75 Copay per prescription order or refill for a Tier 3 Prescription Drug up to a 31 day supply.**

**Mail order Prescription Drugs are available at 2.5 times the retail Copay up to a 90 day supply.**

**Specialty Prescription Drugs** – if you require Specialty Prescription Drugs, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Specialty Prescription Drugs. If you choose not to obtain your Specialty Prescription Drug from a Designated Pharmacy, you will be responsible for the entire cost of the Prescription Drug.

**Designated Pharmacies** – if you require certain Prescription Drugs including, but not limited to, Specialty Prescription Drugs, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drugs. If you choose not to obtain these Prescription Drugs from a Designated Pharmacy, you will be responsible for the entire cost of the Prescription Drug.

Please present your ID card to the network pharmacy when the prescription is filled.

If you do not present the card, you will need to pay for the prescription and then submit a reimbursement form for prescriptions filled at a network pharmacy along with the paid receipt in order to be reimbursed. To obtain reimbursement forms, or for information about mail-order prescriptions or network pharmacies, please visit www.uhcsr.com and log in to your online account or call 1-855-828-7716.

When prescriptions are filled at pharmacies outside the network, the Insured must pay for the prescriptions out-of-pocket and submit the receipts for reimbursement to UnitedHealthcare StudentResources, P.O. Box 809025, Dallas, TX 75380-9025. See the Schedule of Benefits for the benefits payable at out-of-network pharmacies.

Definitions

COINSURANCE means the percentage of Covered Medical Expenses that the Company pays.

COMPLICATION OF PREGNANCY means a condition: 1) caused by pregnancy; 2) requiring medical treatment prior to, or subsequent to termination of pregnancy; 3) the diagnosis of which is distinct from pregnancy; and 4) which constitutes a classifiably distinct complication of pregnancy. A condition simply associated with the management of a difficult pregnancy is not considered a complication of pregnancy.

CONGENITAL CONDITION means a medical condition or physical anomaly arising from a defect existing at birth.

COPAY/COPAYMENT means a specified dollar amount that the Insured is required to pay for certain Covered Medical Expenses.

COVERED MEDICAL EXPENSES means reasonable charges which are: 1) not in excess of Usual and Customary Charges; 2) not in excess of the Preferred Allowance when the policy includes Preferred Provider benefits and the charges are received from a Preferred Provider; 3) not in excess of the maximum benefit amount payable per service as specified in the Schedule of Benefits; 4) made for services and supplies not excluded under the policy; 5) made for services and supplies which are a Medical Necessity; 6) made for services included in the Schedule of Benefits; and 7) in excess of the amount stated as a Deductible, if any.

Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

CUSTODIAL CARE means services that are any of the following:

1. Non-health related services, such as assistance in activities.
2. Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
3. Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

DAY HOSPITAL means a facility that provides day rehabilitation services on an outpatient basis.

DEDUCTIBLE means if an amount is stated in the Schedule of Benefits or any endorsement to this policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

DEPENDENT means the legal spouse or Domestic Partner of the Named Insured and their dependent-children. Children shall cease to be dependent at the end of the month in which they attain the age of 26 years. If the child is covered under this policy upon the attainment of the limiting age, such child shall remain a dependent under this policy at the option of the Named Insured until the policy Termination Date.
The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

1. Incapable of self-sustaining employment by reason of mental or physical handicap.
2. Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually following the child's attainment of the limiting age.

If a claim is denied under the policy because the child has attained the limiting age for dependent children, the burden is on the Insured Person to establish that the child is and continues to be handicapped as defined by subsections (1) and (2).

DOMESTIC PARTNER means a person who is neither married nor related by blood or marriage to the Named Insured but who is: 1) the Named Insured's sole spousal equivalent; 2) lives together with the Named Insured in the same residence and intends to do so indefinitely; and 3) is responsible with the Named Insured for each other's welfare. A domestic partner relationship may be demonstrated by any three of the following types of documentation: 1) a joint mortgage or lease; 2) designation of the domestic partner as beneficiary for life insurance; 3) designation of the domestic partner as primary beneficiary in the Named Insured's will; 4) domestic partnership agreement; 5) powers of attorney for property and/or health care; and 6) joint ownership of either a motor vehicle, checking account or credit account.

ELECTIVE SURGERY OR ELECTIVE TREATMENT means those health care services or supplies that do not meet the health care need for a Sickness or Injury. Elective surgery or elective treatment includes any service, treatment or supplies that: 1) are deemed by the Company to be research or experimental; or 2) are not recognized and generally accepted medical practices in the United States.

EMERGENCY SERVICES means, with respect to a Medical Emergency:

1. A medical screening examination that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate such emergency medical condition; and
2. Such further medical examination and treatment to stabilize the patient to the extent they are within the capabilities of the staff and facilities available at the Hospital.

HABILITATIVE SERVICES means outpatient occupational therapy, physical therapy and speech therapy prescribed by the Insured Person's treating Physician pursuant to a treatment plan to develop a function not currently present as a result of a congenital, genetic, or early acquired disorder.

Habilitative services do not include services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not habilitative services.

A service that does not help the Insured person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service. When the Insured Person reaches his/her maximum level of improvement or does not demonstrate continued progress under a treatment plan, a service that was previously habilitative is no longer habilitative.

HOSPITAL means a licensed or properly accredited general hospital which: 1) is open at all times; 2) is operated primarily and continuously for the treatment of and surgery for sick and injured persons as inpatients; 3) is under the supervision of a staff of one or more legally qualified Physicians available at all times; 4) continuously provides 24 hour nursing service by Registered Nurses on duty or call; 5) provides organized facilities for diagnosis on the premises; and 6) is not primarily a clinic, nursing, rest or convalescent home.

**INSURED PERSON** means: 1) the Named Insured; and, 2) Dependents of theNamed Insured, if: 1) the Dependent is properly enrolled in the program, and 2) the appropriate Dependent premium has been paid. The term "Insured" also means Insured Person.

Such facility must be separate and apart from the surgical recovery room and from rooms, beds and wards customarily used for patient confinement. They must be: 1) permanently equipped with special life-saving equipment for the care of the critically ill or injured; and 2) under close observation by trained and qualified personnel whose duties are primarily confined to such part of the Hospital. Intensive care does not mean any of these step-down units:

1. Progressive care.

1. Death.
2. Placement of the Insured’s health in significant jeopardy.
3. Serious impairment of bodily functions.
4. Serious dysfunction of any body organ or part.
5. Inadequately controlled pain.
6. With respect to a pregnant woman who is having contractions:
   - That there is inadequate time to effect a safe transfer to another Hospital before delivery; or
   - That transfer to another Hospital may pose a threat to the health or safety of the woman or unborn child.

**MEDICAL NECESSITY/MEDICALLY NECESSARY** means those services or supplies provided or prescribed by a Hospital or Physician which are all of the following:

1. Essential for the symptoms and diagnosis or treatment of the Sickness or Injury.
2. Provided for the diagnosis, or the direct care and treatment of the Sickness or Injury.
3. In accordance with the standards of good medical practice.
4. Not primarily for the convenience of the Insured, or the Insured’s Physician.
5. The most appropriate supply or level of service which can safely be provided to the Insured.

The Medical Necessity of being confined as an Inpatient means that both:

1. The Insured requires acute care as a bed patient.
2. The Insured cannot receive safe and adequate care as an outpatient.

This policy only provides payment for services, procedures and supplies which are a Medical Necessity. No benefits will be paid for expenses which are determined not to be a Medical Necessity, including any or all days of Inpatient confinement.

Coverage for such a child will be for Injury or Sickness, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care; hearing screening, necessary rescreening, audiological assessment and follow-up and initial amplification; benefits will be the same as for the Insured Person who is the child's parent.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's birth: 1) notify the Company of the birth either orally or in writing; 2) complete and return the enrollment form; and 3) pay the required additional premium, if any, for the continued coverage. The Insured will have an additional ten (10) days from the date the required forms and instructions are provided to enroll the newly born child. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's birth.

OUT-OF-POCKET MAXIMUM means the amount of Covered Medical Expenses that must be paid by the Insured Person before Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year. Refer to the Schedule of Benefits for details on how the Out-of-Pocket Maximum applies.

SUBSTANCE USE DISORDER means a Sickness that is listed as an alcoholism and substance use disorder in the current Diagnostic and Statistical Manual of the American Psychiatric Association. The fact that a disorder is listed in the Diagnostic and Statistical Manual of the American Psychiatric Association does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all alcoholism and substance use disorders are considered one Sickness.
TOTALLY DISABLED means a condition of a Named Insured which, because of Sickness or Injury, renders the Named Insured unable to actively attend class. A totally disabled Dependent is one who is unable to perform all activities usual for a person of that age.

URGENT CARE CENTER means a facility that provides treatment required to prevent serious deterioration of the Insured Person’s health as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

USUAL AND CUSTOMARY CHARGES means the lesser of the actual charge or a reasonable charge which is: 1) usual and customary when compared with the charges made for similar services and supplies; and 2) made to persons having similar medical conditions in the locality of the Policyholder. The Company uses data from FAIR Health, Inc. to determine Usual and Customary Charges. **Claim Procedures for Injury and Sickness Benefits**

In the event of Injury or Sickness, students should:

1. Report to the Student Health Service or Infirmary for treatment or referral, or when not in school, to their Physician or Hospital.

2. A Company claim form is not required for filing a claim.

3. A written notice of claim must be submitted to the address below within 90 days after expense is incurred, or as soon thereafter as reasonably possible. Upon receipt of a notice of claim, the Company will furnish the Insured the necessary forms for filing proof of loss. If the person making claim does not receive the necessary claim forms before the expiration of 15 days after first requesting such forms, the Insured shall be deemed to have complied with the requirements as to the proof of loss upon submitting to the Company within 90 days written proof covering the occurrence, character and extent of the loss for which claim is made.

4. Submit claims for payment within 90 days after the date of service. The Insured's failure to give notice within such time will not invalidate nor reduce any claim if it is shown that notice was given as soon as reasonably possible. If the Insured doesn't provide this information within one year of the date of service, benefits for that service may be denied at our discretion. This time limit does not apply if the Insured is legally incapacitated.

Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services for Insured Persons under the age of 19. Benefits terminate on the earlier of:
1) date the Insured Person reaches the age of 19; or 2) the date the Insured Person’s coverage under the policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

Non-Network Benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

Benefits are eligible for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed $300 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.
Pre-Authorization
Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

If a treatment plan is not submitted, the Insured Person will be responsible for payment of any dental treatment not approved by the Company. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a Benefit based on the less costly procedure.

Section 2: Benefits for Pediatric Dental Services
Benefits are provided for the Dental Services stated in this Section when such services are:
A. Necessary.

**Section 5: Defined Terms for Pediatric Dental Services**
The following definitions are in addition to the policy DEFINITIONS:

**Covered Dental Service** – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

**Dental Emergency** - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

**Dental Provider** - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

**Dental Service or Dental Procedures** - dental care or treatment provided by a Dental Provider to the Insured Person while the policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

**Eligible Dental Expenses** - Eligible Dental Expenses for Covered Dental Services, incurred while the policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

**Necessary** - Dental Services and supplies which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
  - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
  - Safe with promising efficacy
- For treating a life threatening dental disease or condition.
- Provided in a clinically controlled research setting.
- Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.
Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.

Pediatric Vision Care Services Benefits

Benefits are provided for Vision Care Services for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) date the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

Section 1: Benefits for Pediatric Vision Care Services

Benefits are available for pediatric Vision Care Services from a Spectera Eyecare Networks or non-Network Vision Care Provider. To find a Spectera Eyecare Networks Vision Care Provider, the Insured Person may call the provider locator service at 1-800-638-3120. The Insured Person may also access a listing of Spectera Eyecare Networks Vision Care Providers on the Internet at www.myuhcvision.com.

When Vision Care Services are obtained from a non-Network Vision Care Provider, the Insured Person will be required to pay all billed charges at the time of service. The Insured Person may then seek reimbursement from the Company as described under Section 3: Claims for Vision Care Services. Reimbursement will be limited to the amounts stated below.

When obtaining these Vision Care Services from a Spectera Eyecare Networks Vision Care Provider, the Insured Person will be required to pay any Copayments at the time of service.

Network Benefits

Benefits for Vision Care Services are determined based on the negotiated contract fee between the Company and the Vision Care Provider. The Company's negotiated rate with the Vision Care Provider is ordinarily lower than the Vision Care Provider's billed charge.

Non-Network Benefits

Benefits for Vision Care Services from non-Network providers are determined as a percentage of the provider's billed charge.

Policy Deductible

Benefits for pediatric Vision Care Services are not subject to any policy Deductible stated in the policy Schedule of Benefits. Any amount the Insured Person pays in Copayments for Vision Care Services does not apply to the policy Deductible stated in the policy Schedule of Benefits.

Benefit Description

When Benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated. Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Benefits are provided for the Vision Care Services described below, subject to Frequency of Service limits and Copayments and Coinsurance stated under each Vision Care Service in the Schedule of Benefits below.

- Recording of monocular and binocular visual acuity, far and near, with and without present correction (for example, 20/20 and 20/40).
- Cover test at 20 feet and 16 inches (checks eye alignment).
- Ocular motility including versions (how well eyes track) near point convergence (how well eyes move together for near vision tasks, such as reading), and depth perception.
- Pupil responses (neurological integrity).
- External exam.
- Retinoscopy (when applicable) – objective refraction to determine lens power of corrective lenses and subjective refraction to determine lens power of corrective lenses.
- Phorometry/Binocular testing – far and near: how well eyes work as a team.

- Tonometry, when indicated: test pressure in eye (glaucoma check).
- Ophthalmoscopic examination of the internal eye.
- Confrontation visual fields.
- Biomicroscopy.
- Color vision testing.
- Diagnosis/prognosis.
- Specific recommendations.

Post examination procedures will be performed only when materials are required.

Or, in lieu of a complete exam, Retinoscopy (when applicable) - objective refraction to determine lens power of corrective lenses and subjective refraction to determine lens power of corrective lenses.

Eyeglass Lenses - Lenses that are mounted in eyeglass frames and worn on the face to correct visual acuity limitations.

The following Optional Lens Extras are covered in full:

- Standard scratch-resistant coating.
- Polycarbonate lenses.

Eyeglass Frames - A structure that contains eyeglass lenses, holding the lenses in front of the eyes and supported by the bridge of the nose.

Such determination will be made by the Vision Care Provider and not by the Company. Contact lenses are necessary if the Insured Person has any of the following:

- Keratoconus.
- Anisometropia.
- Irregular corneal/astigmatism.
- Aphakia.
- Facial deformity.
- Corneal deformity.
